

## NO More Security Questions

After you click **LOG IN**, you will no longer need to answer security questions for verification. The verification options will be, as shown below, SMS (text), Email, and Phone Call. A code will be sent to the option you select below.

**Verification needed**

Choose a verification method

SMS   Email   **Call**

(\*\*\*) \*\*\*-\*\*654 ✓

(\*\*\*) \*\*\*-\*\*464

(\*\*\*) \*\*\*-\*\*154

Remember This Device

Please enter the code you receive on the screen below and click **Verify**.

**Enter code**

A code has been sent to your phone number

Enter Code

The Code Will Expire In 60 Minutes

**Resend code**

**Back**   **Verify**

The verification options can be updated in **Settings | Security** tab as shown below. NOTE: When require **Two-Factor Authentication For Each Login** is **ON**, the option to “Remember This Device” will store the device name you enter *but verification is still required for all devices*.
